

HSFAW — HIGH IMPACT — Self-Flashing Aluminum Skylight with White Wood Interior
HCMA — HIGH IMPACT — Curb Mount Polycarbonate Skylight with Aluminum Ring

The Kennedy Sentry Series features Palsun™ Co-Extruded Polycarbonate Plastic Sheet. The co-extruded polycarbonate glazing is 30-times more impact resistant than acrylic skylights, 250-times more impact resistant than glass, and resists temperature extremes from -60° below zero to +250°. The co-extruded polycarbonate has superior weathering performance and resists the effects of solar UV radiation, significantly increasing the life of your Sentry Skylight.

STANDARD FEATURES:

- NEW! Approved High Impact skylights for use in All Wind Zones.
- Rugged extruded aluminum ring attached to skylight perimeter, painted bronze.
- Tough Polycarbonate Smokey grey outer dome and clear inner panel are standard.
- 10 year limited warranty against defects in workmanship or materials.
- Rugged 4" high curb with extruded aluminum frame, welded corners and 4" pre-punched nailing flange. (HSFAW only)
- Energy Efficient pre-finished wood interior. (HSFAW only)
- Skylight simply mounts on existing curb, site-built curb or Kennedy Model ACW using predrilled nailing hole. (HCMA only)
- Single and triple domes plus a diffuser inner panel are optional.
- 6' and 8" curbs are available in the HSF model only.
