

# SF — Self-Flashing Polycarbonate Domed Skylight

**THE SENTRY SERIES**

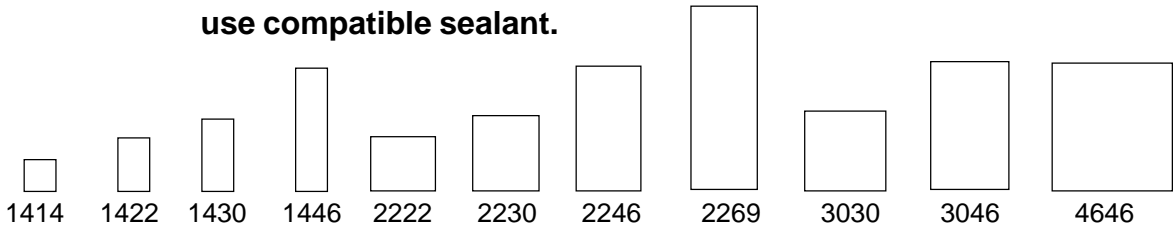

The Kennedy Sentry Series features Palsun™ Co-Extruded Polycarbonate Plastic Sheet. The co-extruded polycarbonate glazing is 30-times more impact resistant than acrylic skylights, 250-times more impact resistant than glass, and resists temperature extremes from -60° below zero to +250°. The co-extruded polycarbonate has superior weathering performance and resists the effects of solar UV radiation, significantly increasing the life of your Sentry Skylight.

## STANDARD FEATURES:

- No curb required.
- 4" pre-punched flange is integral part of outer dome.
- Smokey grey outer dome and clear inner panel are standard.
- Single and triple domes and a diffused inner panel are optional.
- Mounts between shingles and roof decking.
- 10 year limited warranty against defects in workmanship/materials.

**Note: Not all sealants are compatible with polycarbonate material. Please use compatible sealant.**
